Course Title: Team In Transition

2 DAYS 1 NIGHT or 3 DAYS 2 NIGHTS

TARGET GROUP: TEAMS DEALING WITH CHANGES

Learning Intent:
Adapting to the changes and contributing to the common goal, acknowledging and adapting the TIGER values and integration of HOT and HEART principles.

Learning Objectives:

1. To retain and motivate team members as the team moves forward to new challenges, structure and possibly leadership
2. To reward teams for achieving goals or upon completion of projects.
3. To have clear expectations on the next phase of department project framework.
4. To manage changes in team and work environment, relationship building in team members' daily work activities.
5. To set team commitment towards achieving the set goals, improve and sustain team productivity and sense of urgency.
6. To improve communication among team members by building mutual respect and increase team effectiveness – H.O.T behavior
7. To demonstrate Maybank Core Values (T.I.G.E.R) and Brand Drivers

METHODOLOGY

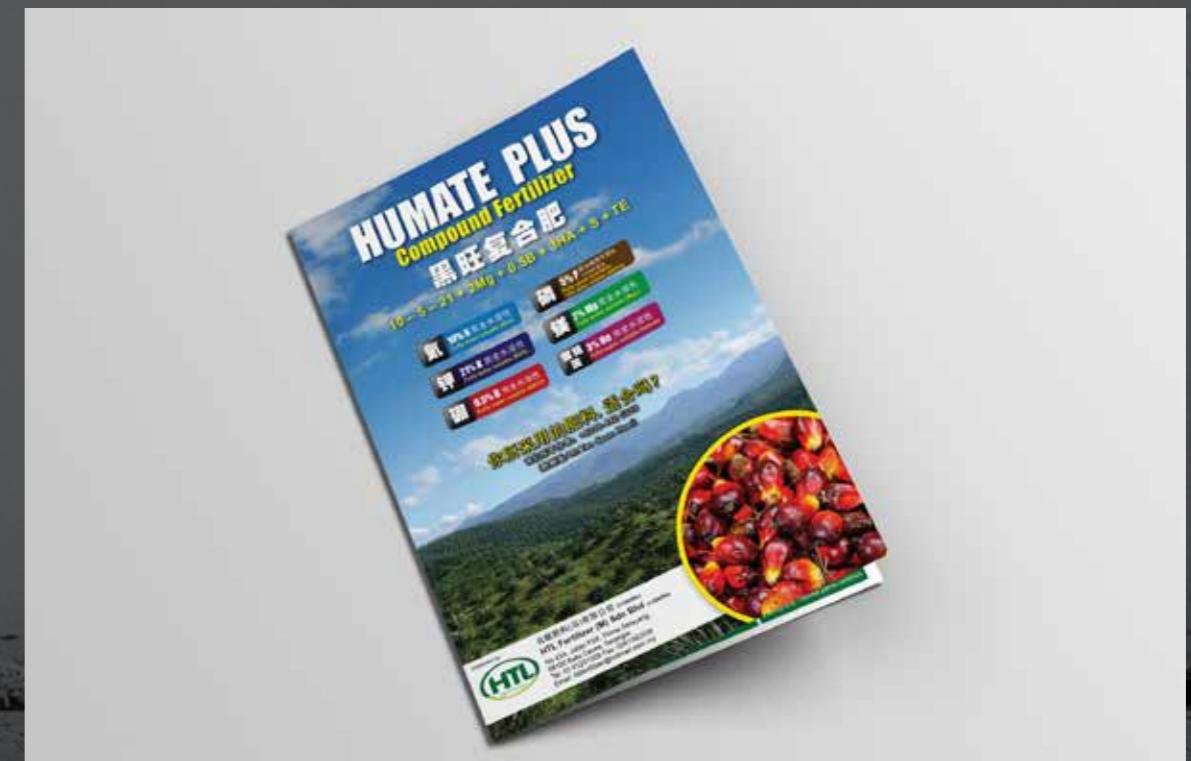

Tuckman's stages of group development, Bloom's Taxonomy of Educational Objectives, KOLB'S Cycle of Experiential Learning, NLP Strategies, Coaching & EQ Tools, Eastern and Western Philosophy

LEARNING OUTCOMES AND KEY TAKEAWAYS:

- ① Identifying the definitions of the common goal to create understanding and alignment.
- ② Understanding of values which identifying strengths, challenges and bridging gaps to create dynamic team environment.
- ③ Being able to raise the issues and challenges of how they support one another's blind spots, how much more commitment is adequate and focus when they are designing the plan and strategizing to achieving the goal and how they responded to changes.
- ④ Creating permission to have HOT communication with each other.
- ⑤ Understanding the importance of being ONE and the power that comes from ONE and applying the winning strategy.
- ⑥ Creating deeper understanding and affirming of oneself and of team mates in the journey.
